COMMUNICATIONS

- On February 3, 2012, Regional Administrator (RA) Garvin provided an update on sampling activities in Dimock to PADEP Secretary Krancer. Secretary Krancer expressed that what he heard from his staff indicated that there was sufficient coordination and communication occurring between PADEP and the EPA office and field staff. RA Garvin indicated that EPA would keep PADEP informed on sampling progress and as results became available. RA Garvin also noted the upcoming meeting with Cabot; Secretary Krancer indicated that he would like to have the PADEP staff present. (Jennie Saxe).
- Drafts of a general statement in response to Cabot's recent statement and a detailed point-by-point response were circulated late Thursday, February 2, 2012 for review and have been updated to reflect several useful suggestions. (Michael Kulik).
- Four (4) FOIA requests were received. The first, from the Natural Resources Defense Council (NRDC), seeks four years' worth of information in EPA's possession, including both Region 3 and Headquarters, related to drilling activities in Dimock and Bradford County, PA. Three (3) others from the Scranton Times-Tribune are seeking copies of written communication between EPA and PADEP, between EPA and Cabot, and among EPA staff, all since January 1, 2011. (Michael Kulik)
- Planning efforts have begun for the development of a strategy for communication related to the receipt of preliminary results of the sampling efforts in Dimock, which are anticipated next week. A draft strategy has been circulated for review. A meeting will be scheduled next week to discuss the implementation details. (Michael Kulik and Helen Duteau).
